THE SECRET SERVICE

Club Secretary : Sheetal Vidhani

This year gone by... It has reiterated my belief that giving back to society brings the highest level of satisfaction and true happiness.

Rajni, the driving force behind all the good work, has been a hard ask master, driven with high levels of energy and compassion. But her belief in doing everything with her heart has brought a smile to countless faces and comfort to many. And we also enjoyed several outings and social gatherings together. All in all a fun filled as well as fulfilling year.

Club Treasurer : Smeeta Khurkhurwala

This year as a treasurer, it was a learning process for me. I gained a lot of knowledge of how to manage bank accounts and keep a tab on every penny spent. It was an enriching experience.

Club Correspondent : Anuja Shah

Year 1 as a Club Correspondent was a fun filled year as I got to know and not only connected to my members but also made a lot of friends from other clubs. Truly a learning experience from organizing to attending to brushing my computer skills, a full circle.

Club ISO : Mitali Manian

"Alone we can do so little, together we can do so much" Helen Miller. These words truly make me feel yes together we did as a team. As, an ISO I discovered that all over the world we have women who have the same feeling Service above Self with the same goal to touch many lives. A beautiful soul satisfying year for me. Thank you Inner Wheel Club of Bombay Bayview for this opportunity.

*Nimisha Mirani-
Super work Rajni.
Cannot resist
joining the
wonderful work you
do. Proud of you.*

Nayna Kapadia - Lovely work Rajni.
Too much of selfless work. People must be giving u too many blessings. Love u for ur complete surrender to God.

Manisha Jariwala- Wowwww!! God bless u rajni for your amazing work. Haven't seen this kind of dedication. Amazing. Going superrrr. The amount of blessings acquired are uncountable.

Sonal Punatar- Wow Rajni...u r on the roll !! Where u get so much energy from ? M sure God is with you for doing so much good work. Keep it up.

Mamta Kapadia: Rajni, IWBB is lucky to have a dedicated prez like you. You have done superb work Rajni. Your efforts and commitment are exemplary.

Neeta Shah- Dear Rajni, thanks for the great effort and dedication for execution of the project. These days it is easy to find donors and money, but very difficult to find someone who will put it to right use efficiently. Once again thanks for all the effort.

Manisha Shah-
Heartiest
Congratulations Rajni to you and your team !! Well done !! After all the hard work that u did thru out the year. Well done and proud of u indeed !!
Best wishes to one woman of substance who has done so much and touched so many lives.

*Arti Agarwal-
Proud of u Rajni.
Countless blessings
for u
Superb work.*

Innerwheel club of Bombay Bandra president Joyce Lalka Rajni, I must say u have not only tried doing projects at hand but those many projects which were difficult to accomplish, irrelevant whether they belonged to your club or any other.

*District Chairman
Himadri Nanavati
District 314*

YES, PRIME MINISTER

*IWC Bombay Bayview
President
Rajni Barasia*

*Rotary District Governor
Ajay Gupta*

"You have gone further than you thought, Because all believed in you."
Yes Rajni an excellent year has gone by under your leadership.
Just a year back you were planning the year with butterflies in your stomach.
But today you are smiling because you have done as much as you were destined to do. Thank you for being on my team and a big thank you, for sparing Mita, Nimisha and Archana.
You have a great membership which is your strength, but your weakness is in attendance.
Meaningful projects, harmony with Rotary, Joint projects and fellowships are your winning points.
This year you have taken care of your sister club so well that you have given them a new lease of life, confidence, encouragement and thus sparked enthusiasm. My salutations to you. Sitaben always had a smile on her face which said it all.
Once again my best wishes to you and also the incoming team.

Wow!
This long, fulfilling year has come to an end. A tumultuous year of ups and downs, more ups than downs, of responsibility, excitement and new beginnings. I started the year nervous as to how I would manage being the President of Inner Wheel, Community Director of Rotary and a new mother-in-law.
With the undue support of my family, fellow bayview-ites, and a lot of determination I can proudly say that I have emerged stronger, helping me take the club to new heights. I have managed to complete over a hundred and fifty projects across various sectors. My work has not been limited to these projects only but also extended to zonal and district projects and rocking fellowships and camaraderie with Rotary and our sister club. The entire experience has made me a bold, mature and a more confident individual. I feel blessed and grateful for being provided with such an opportunity. It is an experience that will not only influence the people we have reached out to but will also influence my future journey through life.

Rotary District Governor Ajay Gupta wrote in his mail to our Rotary club, " My compliments on the wonderful work being carried out jointly with the Innerwheel, truly a "WOW" support from President Rajni Barasia. Their work, record keeping, bulletin all were amazing. They have done exemplary work which should be emulated "

*Our sister club
IWC Bombay South
President Sita Arpit*

Dream makes all things possible.
Hope makes all things work.
Love make all things beautiful.
Smile makes all above work possible.
Rajni, we could do all projects with you, since you encouraged us. As a sister club, we did many projects together. It was a very good experience and I really enjoyed very much. You always respected me by saying Sitaji. I will always remember you. My members will always remember our joint sindhara fellowship. Thanks to all Bombay Bayview members from Bombay South members.

All our fashionista are ready with their stylish wardrobes . "Get together those skirts with slits and sheer dresses for it's the season to rock it in Goa with Bayview fashion trends"

FINDING FANNY

In my opinion, there is nothing more glamorous, sensuous and beautiful than a woman in a sari. Indian women should hold on to their six-yard wrap-around. Another tip: skirts will make a big splash this season. Long slits, wrap-around, asymmetrical hemlines etc. will add spirit and volume to the Indian curves. Crop tops will also be another popular must-have working both for pret and couture lines.

Most of the time women want to wear outfts that are a little 'dierent' and creations that are a nice mix of the traditional and modern.

So ladies, if you want to be known for all the right reasons, get snipping and use these tips in your individual unique combinations to set you aside as the last name in fads for Bayview this season.
